

Dear HR Manager,

Warm Greetings !!!

I am Nishanth, a recent graduate from the Technical University of Munich. This letter is to express my interest in your job opening for a Softwareentwickler Automotive (m/w). With a Bachelor's degree in Computer Science and Engineering, Master's degree in Informatics, and an experience of a little over 3 yrs in industry as a C / C++ software developer, I am confident that I will be an asset to your organization.

I enjoy taking on responsibilities to work on challenging projects that require me to work outside my comfort and knowledge set. I am a highly self-motivated individual with an interest for developing innovative software products and thereby contribute to the success of your organization.

Your listed requirements are a good match with my skills. A few that I would like to highlight are mentioned below. I believe that these would be an ideal fit for your job opening.

1. Skilled in designing, developing, and testing software using C / C++ on Linux platforms.
2. Strong experience in C programming of close to 3 years.
3. Strong experience working on large scale projects and the complete software lifecycle process.
4. Hands-on software troubleshooting experience
5. Strong experience in parallel programming on multi-core and distributed systems.

Please find attached a copy of my resume with the details of my projects and experiences in software development.

Thank you for your time and consideration. I look forward to speaking with you about this opportunity.

Best Regards,  
Nishanth Nagendra
